

Norfolk's Nocturnal Wildlife

Saturday 26th September 2015, 6.30pm

Come along and join us for a walk around your village, to learn more about bats and how to use special detectors to listen to their calls. This will be followed by an opportunity to help identify different moth species in our moth trap.

Free

Meet outside St Peters Church, Swainsthorpe.

Limited places. Booking essential

To book please email us at norfolkwildnights@gmail.com (please note there's a l between wild & nights)

- Please wear warm clothes and suitable footwear, as we may walk on uneven terrain.
- Children should always be accompanied by an adult at all times.
- Bring a torch

Supported by
The National Lottery[®]
through the Heritage Lottery Fund
